SUMMARY

WATER DISTRICT 110

2014 WATERMASTER REPORT

Measurements were conducted by Water District 110 staff in accordance with the Water District 110 Resolutions and IDWR guidelines. Specific measurement information for the diversions within the district can be found in IDWR's WMIS database. Water district staff also took periodic ground water level measurements at wells scattered throughout the district. This data is stored in IDWR's file and is available to the public. In addition to measurement activities, water district staff reviewed aerial photos and diversion records to identify and any enforcement issues within the district and contacted water users as necessary to address the apparent violations. Financial reports, minutes, resolutions, and assessment records are summarized and attaché in separate documents. – James Cefalo

MINUTES OF ANNUAL MEETING

Water District 110
2014 Annual Meeting
February 12, 2014

Meeting called to order at 1:06 pm by Kirk Jacobs.

An inclusive motion was made by Carl Ball to nominate Kirk Jacobs as Meeting Chair and Wendy Murphy as Secretary. Scott Clawson seconded the motion and the motion carried

Scott Clawson read the Water District 110 Annual 2013 Meeting Minutes for approval. Carl Ball moved to approve the Minutes correcting the location to West Jefferson High School, James Rigby seconded and the motion carried.

Wendy Murphy presented the financial report as of January 31, 2014. The Balance Sheet reflects $69,712 total liabilities and equity and a yearend net income of $12,922. Doug Fransen moved to approve the financial report as presented. Mike Cope seconded and the motion carried.

James Cefalo reported briefly regarding the staffing of the IDWR's Eastern Region. Scott Bergendorf and Cooper Fritz will be performing more in office work handling transfers and new applications. Heather Bohac has returned to IDWR and Layton Walton was also hired. Heather and Layton will handle all of the measurements in the upcoming irrigation season. At James's request, Scott prepared and presented a summary of 2013 field work. Every year one third of the wells are measured. There are approximately 750 wells total. The goals for 2013 were to measure 245 wells on the visit list along with measure and inventory any new wells. All 245 wells were visited nine of which could not be measured. In addition to the 245 wells on the visit list, at the request of Camas Wildlife Refuge; the division measured eight of the refuge's wells. One new well was inventoried. Upon completion, in the fall, the data from the field work and the newly inventoried well was entered. Scott reported the goals for 2014 are to inventory all new wells and measure all wells on the 2014 list including the 9 that could not be measured in 2013. Graphs were presented and Scott reported both short and long-term drought monitors indicate drought conditions will continue. A curtailment line map was presented along with discussion regarding the letters that have been mailed out indicating there is a 50/50 chance of curtailment. There is a 30% chance of curtailment anything junior to May 31, 1989. Following up Scott's report, James stated with every snow and rain storm the chance of curtailment diminishes.

James reported Water District is going to take on some of the wells previously measured by the USGS. James also stated the department is still working on issuing licenses from the 1980's. However, not many are left from Water District 110. The department can assist with transfers in a quick amount of time.

Carl Ball made a motion to retain the current advisory committee. Keith Sculdberg seconded the motion and the motion carried.

The proposed 2014 Resolutions and Budget were reviewed. James Cefalo noted that the changes to the Resolutions were grammatical and date changes. James reported the budget has been increased because of the danger of curtailment and the necessary hours required going well by well to lock down each one. As a cautionary measure the budget was set to allow for this however, James noted he anticipates coming in closer to the expenses of 2013.

Lynn Burtenshaw moved to approve the 2014 Resolutions and Budget as presented. Scott Clawson seconded and the motion carried.

The meeting adjourned at 1:51 pm

APPROVED RESOLUTIONS

Water District 110
2014 Resolutions

1. That the watermaster perform the duties as required by Chapter 6, Title 42, Idaho Code and in accordance with:
    1) The duties described in the Final Order Creating Water District 110, signed by the Director of the Idaho Department of Water Resources (IDWR), April 17, 2006, including:
        a) Measure, record and report diversions of ground water right included in Water District No. 110;
        b) Administer and enforce water rights in Water District No. 110 in priority;
        c) Curtail unauthorized or excessive diversions in Water District No. 110 (i.e., any diversion without a water right or in excess of the elements or conditions of a water right);
        d) Curtail out-of-priority diversions under ground water rights in Water District No. 110 determined by the Director to be causing injury to senior priority water rights if not covered by a stipulated agreement or a mitigation plan approved by the Director;
        e) Enforce the provisions of any stipulated agreements or mitigation plans approved by the Director and applicable in Water District No. 110.
    2) Direction and guidance provided by the Director of IDWR pursuant to Idaho Water Law.
    3) The annual water district resolutions as adopted herein.

2. James Cefalo is elected the watermaster for Water District 110. The Director of IDWR shall appoint James Cefalo, an employee of IDWR, to provide watermaster services for the ensuing year.

3. As provided in Idaho Code § 42-608(4), the watermaster shall serve until the next annual meeting of the water district after election at this meeting and upon appointment by the Director.

4. The water users of Water District 110 hereby empower the elected advisory committee to enter into a Memorandum of Understanding between the Water District and the Director of IDWR that will provide for the following:

    a) Water District 110 will provide compensation of the watermaster for all administrative watermaster duties (all duties other than measurement and reporting) for the term of service as specified in item 3 of these resolutions.

b) The 2014 budget for Water District No. 110 includes expenses related to measurement and reporting, and will be set at this annual meeting in accordance with item 7 of these resolutions.
c) Water District No. 110 will provide compensation to IDWR for clerical and financial account support services.
d) The watermaster shall maintain an office for the ensuing year within the IDWR Eastern Regional Office, located in Idaho Falls, Idaho.
e) IDWR will provide office space, vehicles and the use of all necessary office and field equipment in exchange for compensation as set in the budget for the ensuing year. This arrangement shall not give Water District No. 110 any ownership interest in any IDWR office space and equipment. However, any equipment purchased by Water District 110 will remain owned by water district 110.

5. Water District No. 110 includes one or more canal companies, government entities, or other water delivery entities. The following canal companies and government entities had cooperative agreements or other arrangements with the North Water Measurement District to annually measure and report diversions on their own and to the measurement district in order to promote efficiency in the administration of water rights and water management. But will pay a pro rata portion of the Watermaster salary.

1) Monteview Canal Company
2) Producers Canal Company
3) Jefferson Irrigation Company
4) United States Fish & Wildlife Service Camas National Wildlife Refuge

6. The entities designated above may have employees who measure and report diversions to the watermaster of Water District No. 110. The watermaster of Water District No. 110 may therefore appoint employees or agents of these entities as assistant watermasters for purposes of measuring and reporting water use to the watermaster of Water District No. 110. The water district watermaster and the Director of IDWR will provide direction and guidance to assistant watermasters for measuring and reporting of diversions in these entities, including but not limited to the following:

a) Each entity responsible for data collection shall provide an annual report of diversion data to the water district watermaster in accordance with Idaho Code § 42-606, § 42-708, § 42-709, and the direction provided by the Director of IDWR.
b) Assistant watermasters shall cooperate and coordinate with the water district watermaster and IDWR in sharing water use information.
c) The regulation of diversions, including curtailment of diversions and other water right enforcement actions, shall be the primary responsibility of the water district watermaster and IDWR.

d) The designated districts will first be given the opportunity to resolve unauthorized diversions, or other enforcement matters before action is taken by the watermaster or IDWR.
e) To the extent that assistant watermasters may otherwise be involved in the regulation or enforcement of diversions, such involvement will be under the instruction of the watermaster and the Director of IDWR.

7. The budget of Water District No. 110 for the fiscal year 2014 beginning February 1, 2014, and ending on January 31, 2015, be as follows:

See attached Budget

8. Assessment basis for measurement & reporting expenses: Diversions in Water District 110 that are not already measured by one of the canal companies or government entities identified in item 5 of these resolutions, and also have a diversion rate allowed by their water right in excess of 0.24 cfs and/or irrigation of more than five acres shall be measured directly by the water district in the ensuing year and assessed for measuring and reporting at the following rate;

a) $25 per diversion, and;
b) A pro-rata share of the total expense for measuring and reporting, minus the total amount charged for all the diversions in the district required to measure, determined by the fraction of the recorded diversion rate for each water right is to the total recorded diversion rate of all water rights being measured in the district.

9. Kirk Jacobs be elected Water District No. 110 Treasurer. The duties of the treasurer will be to approve the expenses and disburse water district funds, and to prepare or oversee preparation of a written statement of the financial affairs of the district at the end of each fiscal year, in accordance with Idaho Code, Section 42-619. Don Parker will also be a designated authorized signature for banking purposes.

10. An advisory committee shall be elected at each regular annual session to represent the interests of the water users and to provide input to the watermaster and the Director of IDWR. The advisory committee will consist of 5 members, including at least one water user from Hamer, one water user from Monteview, and one from Mud Lake/Terreton Area.

11. WHEREAS Idaho Code 42-605 provides for voting by water users and election of an advisory committee, the water users of Water District No. 110 hereby resolve that the credentials for voting in any district meeting and for serving on the district advisory committee will be as follows:

a) Must be a water user of the district as evidenced by a valid water right or
b) Must have paid all assessments owed to the water district.

12. The annual Water District No. 110 meeting shall hereafter be held on the second Wednesday of February, of each year unless the Director of IDWR or the Water District No. 110 advisory committee should find it necessary to change the meeting date or unless changed by resolution of the district at any annual meeting.

13. Copies of the minutes of the annual meeting, the budget as approved, all resolutions approved, and the report prepared in accordance with Idaho Code § 42-615, shall be filed with the director of the Department of Water Resources in accordance with Idaho Code § 42-617.

14. The watermaster of Water District No. 110 shall be responsible for submitting to IDWR annual reports showing water use and such other information that may be deemed necessary by the Director of IDWR in accordance with Idaho Code § 42-606, § 42-708, and § 42-709.

15. The watermaster and assistant watermasters are authorized under Idaho Code § 42-1701(5) to make reasonable entry on lands within the district to carry out the duties of the watermaster as instructed by IDWR. These duties include but are not limited to:

    a) Monitoring diversion and measuring rate and volume of water diverted from ground water and other public water sources.
    b) Measuring the depth to water in wells.
    c) Monitoring the place, period, and nature of use of water to identify unauthorized diversion and use and to determine compliance with mitigation provisions required by agreement or order of IDWR.

16. All payments for assessments not received by May 1, 2014 shall accrue penalties in the amount of 10% of the charge and interest in the amount of 1% per month, as provided pursuant to Idaho Code § 42-617.

17. Be it also resolved, that the Watermaster is authorized pursuant to Idaho Code § 42-618, to withhold or suspend deliveries of water to any water users who have not paid their assessment charge by January 1 of the year following the billing date.

OTHER

Water District 110 Advisory Meeting
February 5, 2014
IDWR, 900 N Skyline Dr, Suite A
Idaho Falls, ID 83404

Kirk Jacobs called the meeting to order at 10:53 am. Those in attendance are: Scott Bergendorf, Cooper Fritz, Heather Bohac, Layton Walton, James Cefalo, Wendy Murphy, Daren Bitter, Mike Cope, Doug Fransen, and Kirk Jacobs. Scott Clawson participated by phone.

Wendy Murphy read the minutes from the February 6, 2013. Corrections were as follows: to add Don Parker to the attendance list; to add "The well and watermaster" in the 4th paragraph first line before "fees will remain the same"; Daren Bitter and Mike Cope were the members who made the motion and the second in the 4th paragraph; and to correct the 8th line in the 5th paragraph to read, "and 15 wells IDWR measures in the area". Darren Bitter moved to accept the February 6, 2013 minutes as corrected. Mike Cope seconded the motion and the motion carried. Daren Bitter moved to accept the minutes from the November 5, 2013 meeting. Doug Fransen seconded the motion and the motion passed.

Wendy Murphy presented a balance sheet as of January 31, 2014, and profit and loss budget vs. actual as of January 31, 2014. The January IDWR invoice is estimated and should be received prior to the annual meeting. Mike Cope moved to accept the financial report; Doug Fransen seconded the motion and the motion passed.

James Cefalo indicated the Eastern Region of IDWR is fully staffed. Scott Bergendorf and Cooper Fritz performed the measurements in the district during the 2013 irrigation season. They are going to be doing more IDWR work this next year. Heather Bohac has returned to do measurements for the district as well as Layton Walton. James followed up on the violations in the area. Ward is going to remove the end guns to resolve his issue. Murdock's situation could be more difficult and require regulation efforts. There are a few minor violations that will require transfers to correct their violations.

Scott Bergendorf reviewed the activities during the 2013 irrigation season. More information will be available at the annual meeting. The usage during 2012 was about 520 acre-feet per diversion. During the 2013 irrigation season the average use was 482 acre-feet per diversion. He has not yet compared the diversion volumes to the water rights. Well depths are also being taken in the district and showed about a 1-2 foot drop in the water level. The USGS contract wells will be picked up by the district in 2014. Snow level graphs will also be presented in the annual meeting.

James indicated the director recently sent out letters regarding possible curtailment. The director's letter outlines the levels of risk. The ground water users feel this is a futile call and needs to be evaluated before devastating the state of Idaho. After further discussion James was asked to review who would be affected with the 1989 cutoff date. That information will be presented at the annual meeting.

The proposed resolutions were reviewed with only date changes from 2013. There is an increase in the budget for three reasons; increase in pay rate, taking on the additional wells, and the possibility of curtailment. Doug Fransen moved to present the resolutions and budget to the water users at the annual meeting; Daren Bitter seconded the motion noting the use of reserve funds and the motion passed.

New Business: Jefferson Clark Ground Water District asked the watermaster to assist in providing a list of water rights in their district for the board to review. This would help with an independent check of the billing process.

Scott Clawson complimented James Cefalo and staff for the service provided to the district. Kirk Jacobs seconded the comment.

Daren Bitter moved to adjourn; Doug Fransen seconded the motion and motion carried. The meeting adjourned at 12:07 pm.

Wendy J. Murphy

Wendy Murphy

Water District 110 Advisory Meeting
September 9, 2014
IDWR, 900 N Skyline Dr, Suite A
Idaho Falls, ID 83404

Meeting was called to order at 2:09 pm by Don Parker. Those in attendance were: Don Parker, Doug Fransen, Mike Cope, Daren Bitter, Heather Bohac, James Cefalo, Wendy Murphy, Mandy Gunderson, and Scott Clawson Participated via phone.

Minutes from the February 5, 2014 advisory meeting were reviewed. Don Parker made a motion to approve as presented, Doug Fransen Seconded. Motion Carried

James Cefalo introduced staff – Allison Torres, who will be doing measurements, Heather Bohac is returning and has done measurements before and Mandy Gunderson will be helping Wendy with the finances. James noted that because Heather was familiar with the system and was there through the winter, she was able to work on correcting data within American Falls/Aberdeen Bingham, Bonneville and Jefferson. Although there was staff turnover mid-summer that was not ideal, resources were pooled and measurements were nearly complete. At the time of the meeting only 14 measurements remained.

James reported that Paul Gunderson and the Lundholms had settled their dispute. Gunderson's SRBA claim was moving to resolution. No formal violation was issued. Steve and Dan Murdock are also pursuing a late claim in the SRBA. The current standpoint is to let both claims be finalized in the adjudication court. If it turns out either is not a legitimate water right, then enforcement will be revisited. Currently the Murdock's are delinquent on their bill to Jefferson Clark. It was discussed the options the Watermaster may have as far as curtailment since they are not delinquent on the Water District 110 books.

James Cefalo began discussion regarding Mag Meters. Since the Water Districts inception, systems are becoming too complex for the Power Consumption Coefficient method. The correlation to the power is not as reliable when running multiple pivots off of multiple wells. The department has issued measuring device orders stating the system is too complex and requires a flow meter or the department will shut off. These orders have not yet been enforced. There are currently about 100 out of the 900 wells in the district with complex systems requiring flow meters. James asked the Board for discussion about incentivizing these users to encourage them to upgrade meters bringing them into compliance. The Mag Meters would eliminate the need for measuring and calibrating so a benefit to a user could be reduced assessment fees. There would only be a need to get a meter reading at the end of the year. Piggy-backing onto this is the idea of tiered assessments so those that are not in compliance would pay a higher assessment as a result of the increased expense to the Water District for measuring complex systems. The battery in the mag meters last about 5 years and is the biggest maintenance concern with the meters.

If this is an idea the Board would like to pursue, there is a Water Smart Grant through the Bureau of Reclamation that can be requested that if rewarded will help defray 50% of the expenses. This grant is intended to be for organizations rather than individuals. The grant wouldn't be awarded until the fall and there would be two years to spend the funds.

Some of the board wanted an accurate count of complicated systems; the board was also interested in attempting to request the Idaho Water Resource Board funds be used for this project as well. Don Parker suggested writing a resolution to offer those who would install a flow meter an incentive. The other concern was the potential of reducing the water rights based on consumption. Scott recommended measuring the maximum consumption and using that measurement for the measurement. It was also mentioned to do a cost analysis for a complicated system for the cost of installing meters. Scott Clawson offered to provide this analysis. The board will reconvene in October to make any further decisions.

There was a quick discussion regarding the measurements the fish and game wells. They are recorded as only being charged for the watermaster fee because they were to provide their own measurements. Water District 110 has been measuring the fish and game wells as well as a few wells that are recorded as Producers Irrigation. A review of the water rights for the Producers Irrigation wells will be done. The fish and game wells should be charged.

Wendy Murphy presented the financial report the Profit and Loss Sheet as of August 2014 Assessments are $77,568.72 representing 99.1% of the projected income budget. Interest earned is $10.28. Total Income as of August 2014 $77,579. Expenses as of August 2014 are $48,363.88. There is a small Travel expense of $18.00. Total Expenses as of August 2014 $48,381.88 representing 92% of the projected year to date expenses. Balance Sheet as of August 31, 2014, reflects Checking Account Balance $100,985.27 and an Accounts Receivable of $169.28 that is from when Water District 110 billed directly and should be refunded back to users once the amounts are in fact verified. Total current assets are $100,815. Projected accounts payable for August are $6,481, which is the bill from IDWR. Open Balance Equity is $15,583; Current Retained Earnings is $49,553; and Total Net Income is $29, 197. Total equity in the District is $94,334. Darren Bitter made a motion to accept the financials as presented. Doug Fransen seconded. Motion carried.

Scott Clawson requested James Cefalo to explained forfeiture and proof of use. The law currently states that after five years of non use a water right has been forfeited. This includes even a partial water right is subject to forfeiture. If a transfer is filed on the water right the law requires the Department to determine if the water right is still a valid water right before it can be moved and part of that is determining if the water right has been forfeited. The Department will use measurements and imagery to determine usage. If the evidence the department shows it has been forfeited the department gives the user the opportunity to produce compelling evidence suggesting otherwise.

No other business was brought before the committee and the meeting adjourned at 4:09 pm.

Wendy Murphy for

Mandy Gunderson

Water District 110 Advisory Meeting
October 28, 2014
IDWR, 900 N Skyline Dr, Suite A
Idaho Falls, ID 83404

Kirk Jacobs called the meeting to order @ 1:11 pm. Those in attendance were: Kirk Jacobs, Don Parker, Scott Clawson, Mike Cope, Wendy Murphy, Heather Bohac, and Allison Torres

By the request of the Advisory Committee Scott Clawson had a contractor put together a couple of bids on one of Larson's more complicated diversions. This was in an effort to give the Committee an idea as to the expenses involved in making this kind of request or demand to the users of more complex systems. Scott provided two quotes; one was over $10,000 and the other over $17,000. The largest expense is not the cost of the Mag Meters but in bringing the system to par to function with the meters. The Committee decided to recommend to James Cefalo to find other methods of effectively measuring the complex diversions, even if it means charging more, for as long as the Water District can hold out on state requirements.

No other business was brought before the committee and the meeting adjourned.

for Wendy Murphy
Mandy Gunderson

Water District 110 Advisory Meeting
January 28, 2015
IDWR, 900 N Skyline Dr, Suite A
Idaho Falls, ID 83402

Meeting was called to order at 9:11 am by Kirk Jacobs. Those in attendance were: Kirk Jacobs, Scott Clawson, Daren Bitter, Heather Bohac, Allison Torres, James Cefalo, Wendy Murphy, and Mandy Gunderson.

Scott Clawson read the minutes from the September 9, 2014 and October 28, 2014 advisory meetings. Daren Bitter made a motion to approve the minutes as presented, Scott Clawson seconded. Motion carried.

There was some follow up discussion regarding costs associated with magnetic meter installation. Costs include reconfiguring the system, the meter, battery costs or power connections. There are also issues with power surges and lightning strikes. Scott recommends staying away from meters until absolutely necessary. James Cefalo proposed a resolution for those that have installed a magnetic meter to receive a reduction in their assessments because once they are calibrated measurements won't need to be made; just an annual meter reading would be required. After some discussion it was recommended to not present this resolution at this time. It was also recommended water users use the maximum consumption scenarios when the measurement is happening. The board requested a list identifying the complex systems within the district.

It was noted the relationship between water users in the district and the Department of Water Resources has improved significantly over the past several years. Questions were asked regarding the forfeiture concerns of the water users. When a transfer is filed, aerial photography is used to verify usage. Sometimes aerial photography has not shown use when a water right has been used. It is imperative a water user document irrigation of their ground for evidence if a transfer or something similar is filed and documentation is needed for completing the transaction. Aerial photography does not show the time of use; it is typically taken mid season while a water right might be used early or late in the season. When there is a protestant to the transfer solid documentation is imperative.

Heather Bohac briefly recapped the amount of wells measured during the year. A more detailed report will be presented at the annual meeting. The USGS typically measured wells four times a year, and Water District 110 measures their wells twice a year, spring and fall. A map was presented to display the wells with depth measurements within the district. They are measured by the USGS, WD110, and IDWR. With the combination of the USGS wells the district would be measuring 22 wells. This is considerably more than other districts in the state. Heather asked how many wells they want measured and the frequency. Because the board felt the static water levels are important to track the low point for draw downs and the consistency of the USGS measurements, the board wanted to maintain the four times a year pattern established by the USGS.

James followed up to Gunderson's water right protest. Gunderson settled the protest and can move forward with the late claim. Murdock's claim for Hamer Canal shares was denied by the Adjudication Judge. It had been about 40 years the right had not been used.

James Cefalo indicated changes for the resolutions were only dates. Darren Bitter moved to accept the 2015 Draft Resolutions. Scott Clawson seconded the motion and the motion carried.

Wendy Murphy presented a draft Balance Sheet for January 31, 2015. The Checking Account Balance is $76,437 and the Accounts Receivable is -$169.28. Total current assets are $76,268. Projected accounts payable for January are $5,524, which is the bill from IDWR. Open Balance Equity is $15,583; Current Retained Earnings is $49,553; and Total Net Income is $5,606. Total equity in the District is $70,744. The Profit and Loss Budget vs. Actual for the 2014 year indicates Assessments were $77,569 representing 99.1% of the projected income budget. Interest earned is $17. Expenses as of January 2015 for the IDWR contract are $71,961. There is a travel expense of $18 bringing the total expenses as of January 2015 to $71,979 representing 79.1% of the budgeted expenses. The district lacked personnel for about a two month period that accounts for being under budget. With the current assessment rates the projected income is expected to be $77,569 and the expenses are projected to increase 3% from the previous year. Operations are anticipating a net loss of $16,247. Darren Bitter made a motion to accept the financials as presented. Scott Clawson seconded. Motion carried.

No other business was brought before the committee and the meeting adjourned at 11:00 am.

Wendy Murphy

Wendy Murphy
