"Enter your Code Location by section here"

For the Definitions Section, check the box next to the definition if it ***is*** located in your ordinance.

If you can't find the required language in your ordinance, check the box that it's missing; this indicates that an ordinance amendment is required.

Sections that are Not Applicable "N/A"

Watch for parts in blue that say "***Excludes Regs (___). If your Level of Reg is listed here, for example it includes "Regs (d)", then you can chose the "n/a" box and a code reference isn't required because the language isn't required.

ordinance is considered reasonable but does not imply total flood protection.
