Re: Nevid, LLC/Application for Permit No. 61-12090

Dear Steve:

Thank you for taking the time to meet with Dennis Rider, Roxanne Brown and me in connection with the above-referenced Application. We are excited to get started with our development. Elmore County has now approved their new PUD ordinance and we will be submitting a PUD to the County within the next few weeks.

We are excited about the development of our parcel. It is well situated for access to Boise and has electric utility service to the property. We merely need to finalize perfection of water rights to proceed with development of water resources. We believe there will be a ready market for housing tracts in this area. We are also excited for planned commercial developments in the neighborhood of the Simco Road exit.

I am coordinating submittals of the information requested by your department with Roxanne Brown. We anticipate making the submittal shortly. I look forward to working with you.

Very truly yours,

John Erickson
