Attorneys for M3 Eagle LLC

RECEIVED

NOV 26 2008

DEPARTMENT OF
WATER RESOURCES

**BEFORE THE DEPARTMENT OF WATER RESOURCES
OF THE STATE OF IDAHO**

IN THE MATTER OF APPLICATION
FOR PERMIT NO. 63-32573 IN THE
NAME OF M3 EAGLE LLC

**NOTICE OF SERVICE OF M3 EAGLE'S
TECHNICAL REPORTS AND
SUPPORTING DOCUMENTATION**

M3 Eagle LLC ("M3 Eagle"), through its counsel Givens Pursley LLP, and pursuant to the Hearing Officer's September 12, 2008 *Order Authorizing Discovery and Scheduling Order* ("September 12 Order"), hereby files with the Hearing Officer and makes available to the parties the technical documents and reports prepared for or intended to be submitted or referenced at the hearing ("Technical Documents"). These are listed in Exhibit A.

Because they are within the scope of the September 12 Order, individual experts' summaries of facts and opinions, together with resumes, also are provided here, and are served on the Protestants with this Notice. These also are listed in the exhibit.

Copies of the Technical Documents, particularly bound reports and the like, are large in size and therefore are not being served with this Notice (but are being filed with the Hearing Officer as noted). Instead, these are available on the Idaho Department of Water Resources' website for North Ada County Ground Water Studies or are available for copying at Givens

Pursley's offices. The Department's North Ada website is located at this address:

(http://www.idwr.idaho.gov/hydrologic/projects/nac/consultant_reports/).

M3 Eagle previously has made copies of most of the Technical Documents available to the Protestants in response to NACGUA's discovery requests (including previously posting most these on the website).

Respectfully submitted this 26th day of November, 2008.

GIVENS PURSLEY LLP

Jeffrey C. Fereday
