

COMES NOW respondents, Gary Spackman, in his capacity as Interim Director of the Idaho Department of Water Resources, and the Idaho Department of Water Resources (“IDWR”), by and through their undersigned attorney of record, and move the Court pursuant to Idaho Appellate Rule 30, for an order augmenting the appellate record in the above entitled appeal with:

A file stamped copy of the following documents, which are attached to this Motion:

1. Name of document: *Order Granting Motion for I.R.C.P. 54(b) Certificate*
Date of Filing: August 29, 2011
2. Name of document: *A&B Irrigation District’s Amended Notice of Appeal and Petition for Judicial Review of Agency Action*
Date of Filing: August 25, 2011

The specific grounds for this request are as follows:

When examining the record, the undersigned noticed that the *Order Granting Motion for I.R.C.P. 54(b) Certificate* and *A&B Irrigation District’s Amended Notice of Appeal and Petition for Judicial Review of Agency Action* were not contained in the record. The *Order Granting Motion for I.R.C.P. 54(b) Certificate* explains that the only difference between the district court’s *Order on Motion to Dismiss* and the *Amended Order on Motion to Dismiss* was the addition of the Rule 54(b) Certificate in the amended order. The addition of this document in the record helps clarify that the addition of the Rule 54(b) Certificate was the only change between the two orders.

The *Amended Notice of Appeal and Petition for Judicial Review of Agency Action* evidences that A&B complied with the district court’s suggestion in the court’s *Amended Order on Motion to Dismiss* to file an amended notice of appeal. The addition of this document informs the Court of the current posture of A&B’s notices of appeal.

Accordingly, IDWR requests an order from the Court granting said Motion to Augment. A proposed order is provided with this motion.

Water Resources in IDWR Docket No. CM-DC-2011-001 (“*Final Order*”). In the same *Order* the Court permitted A&B to amend its *Petition for Judicial Review* to seek review of the Director’s *Amended Final Order on Remand Regarding the A&B Irrigation District Delivery Call*, issued on June 30, 2011 in IDWR Docket No. CM-DC-2011-001 (“*Amended Final Order*”).

2. On August 25, 2011, A&B filed its *Amended Petition for Judicial Review*, seeking review of the Director’s *Amended Final Order*.

3. On August 26, 2011, A&B filed a *Motion for I.R.C.P. 54(b) Certificate of Final Judgment* in the above-captioned matter. The *Motion* requests that this Court enter a Rule 54(b) certification with respect to the Court’s *Order on Motion to Dismiss*.

4. In the *Motion*, counsel for A&B represents that he has “contacted counsel for IDWR, and counsel for the parties to the administrative proceeding, IGWA, City of Pocatello, [and] Fremont-Madison Irrigation Dist. et al.” and that “[n]o other party opposes A&B’s motion for a Rule 54(b) certificate.” *Motion*, p.2.

II.

ANALYSIS

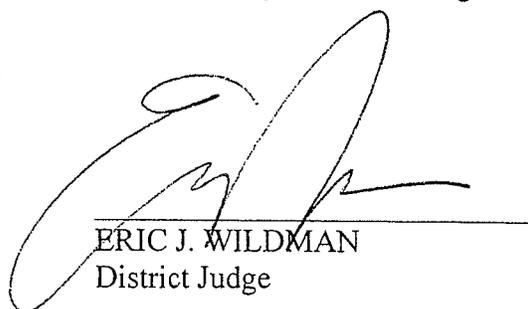

Idaho Rule of Civil Procedure 54(b) permits a court to direct the entry of a final judgment upon one or more but less than all of the claims or parties “upon an express determination that there is no just reason for delay and upon an express direction for the entry of the judgment.” In this case the Court finds that its *Order on Motion to Dismiss* adjudicates less than all of the claims at issue in the above-captioned matter, as it did not adjudicate the claims set forth in A&B’s *Amended Petition for Judicial Review*. The Court further finds that there is no just reason to delay the entry of a final judgment with respect to the issues decided in this Court’s *Order on Motion to Dismiss*. In particular the Court finds that the parties are entitled to finality regarding the threshold issue of which final order of the Director is subject to judicial review under Idaho’s Administrative Procedure Act. The Court also notes that the *Motion* is unopposed. Therefore, based on the foregoing, the Court will attach a 54(b) Certificate to its *Order on Motion to Dismiss*.

III.
ORDER

THEREFORE, THE FOLLOWING ARE HEREBY ORDERED:

1. A&B's *Motion for I.R.C.P. 54(b) Certificate of Final Judgment* is hereby **granted**.
2. In conformance with I.R.C.P. 54(b) the Court will issue, concurrently with this *Order*, an *Amended Order on Motion to Dismiss* in the above-captioned matter. The *Amended Order on Motion to Dismiss* will be identical to the Court's *Order on Motion to Dismiss*, save the insertion of a Rule 54(b) Certificate immediately following the Court's signature.

DIRECTOR OF IDWR

PO BOX 83720

Julie Murphy

COMES NOW, the Petitioner, A&B Irrigation District (“A&B”), by and through its undersigned counsel, and pursuant to I.R.C.P. 84(r), I.A.R. 17(m), and this Court’s August 11, 2011 *Order on Motion to Dismiss and Motion to Strike*, hereby files this Amended Notice of Appeal and Petition for Judicial Review, as follows:

STATEMENT OF THE CASE

1. This is a civil action pursuant to Idaho Code §§ 67-5270 and 5279 seeking judicial review of the Amended Final Order on Remand Regarding the A&B Irrigation District Delivery Call (“Amended Final Order”), issued by the Interim Director of the Idaho Department of Water Resources (“IDWR” or “Department”) on June 30, 2011 ~~April 27, 2011~~. Given the Director’s recent order granting A&B’s petition for reconsideration of the *Remand Order* it is A&B’s position that an appeal is unnecessary. However, in order to preserve its legal rights, A&B is filing this petition for judicial review.

2. On April 27, 2011, the Interim Director issued the Final Order on Remand Regarding A&B Irrigation District Delivery Call (“Remand Order”). Pursuant to Idaho Code § 67-5246(4), A&B petitioned the Interim Director to reconsider the *Remand Order* on May 11, 2011. By law, the Director was required to dispose of A&B’s petition within 21 days, otherwise it was deemed denied. See I.C. § 67-5246(4), (5). On June 1, 2011 the Director issued an *Order Granting Petition for Reconsideration to Allow Time for Further Review*. See **Ex. A**. In that order, the Director stated A&B’s petition was granted “for the sole purpose of allowing additional time for the Department to respond to the Petition” and that he would issue an order by June 9, 2011. Based upon the plain terms of the order, A&B’s petition has been granted and the Director is obligated to revise his *Remand Order* consistent with A&B’s requested relief. Consequently, the Director has a duty to immediately administer hydraulically connected junior

water rights that are injuring A&B's senior water right 36-2080 during the 2011 irrigation season. A&B is in the process of making that request with the Director and will withdraw this notice of appeal once the Director confirms he is proceeding in accordance with A&B's request.

3. The Director later issued an *Amended Order Granting Petition for Reconsideration to Allow Time for Further Review* on June 9, 2011. See **Ex. B**. In that order the Director stated that "an order responding to the merits of the Petition shall issue no later than June 30, 2011." In effect, the Director has unlawfully attempted to delay his response to A&B's petition until the middle of the 2011 irrigation season. Since the Director "granted" A&B's petition by order of June 1st, this attempted delay is unavailing. Nothing in Idaho's APA or IDWR's Rules of Procedure (37.01.01 *et seq.*) authorizes the Director to "grant" a petition for reconsideration solely for the purpose of "allowing additional time for the Department to respond" to A&B's petition for reconsideration. The Director finally issued the *Amended Final Order on Remand Regarding A&B Irrigation District Delivery Call* on June 30, 2011. ~~Alternatively, if the Director's order results in a failure to dispose of A&B's petition by June 1, 2011, the petition would be deemed denied by operation of law on that day. A&B is filing the present petition for judicial review to protect its right to appeal in the event the Director's June 1, 2011 order is deemed to deny A&B's petition by operation of law.~~

4. On June 27, 2011, A&B filed a *Notice of Appeal and Petition for Judicial Review* with respect to the Interim Director's April 27, 2011 *Remand Order*. A&B maintains that the Director's April 27, 2011 order is the proper order to appeal in this matter. The Department filed a motion to dismiss A&B's Notice of Appeal, asserting that the *Remand Order* was not an appealable order and that any appeal must be taken from the *Amended Final Order*. The Court

granted IDWR's motion on August 11, 2011, and further authorized A&B to file this amended notice of appeal.

~~5.2.~~ A hearing before the agency on the underlying administrative matter was held in the matter from December 3 - 18, 2008. After judicial review on the Director's initial final order, the case was remanded to IDWR which resulted in the *Remand Order*. A&B requested a hearing on the *Remand Order* pursuant to Idaho Code § 42-1701A(3), and that request was denied ~~has yet to be addressed~~ by the Interim Director.

~~3.~~ A Statement of Issues which A&B intends to assert in this matter will be filed with the Court within 14 days. Pursuant to I.R.C.P. 84(d)(5), A&B reserves the right to assert additional issues and/or clarify or further specify the issues for judicial review stated in this petition or which become later discovered.

JURISDICTION AND VENUE

~~6.4.~~ This amended petition is authorized by Idaho Code §§ 67-5270 and 5279, I.R.C.P. 84(r), I.A.R. 17(m), and this Court's August 11, 2011, *Order on Motion to Dismiss and Motion to Strike*.

~~7.5.~~ This Court has jurisdiction over this action pursuant to Idaho Code §§ 42-1401D and 67-5272.

~~8.6.~~ Venue lies in this Court pursuant to Idaho Code §§ 42-1701D and 67-5272. A&B's principal place of business is located in Minidoka County and real property (water right number 36-2080) which was the subject matter of the agency action is appurtenant to lands located in Minidoka County.

~~9.7.~~ Pursuant to the Idaho Supreme Court's *Administrative Order* issued on December 9, 2009 "all petitions for judicial review of any decision regarding administration of water rights

from the Department of Water Resources shall be assigned to the presiding judge of the Snake River Basin Adjudication District Court of the Fifth Judicial District.” The SRBA Court’s procedures instruct the clerk of the district court in which the petition is filed to issue a *Notice of Reassignment*. ~~A&B has attached a copy of the SRBA Court’s *Notice of Reassignment* form for the convenience of the clerk.~~

10.8. The Director’s *Amended Final Order Remand Order* is a final agency action subject to judicial review pursuant to Idaho Code § 67-5270.

PARTIES

11.9. Petitioner A&B is an Idaho irrigation district, which its principal office located in Minidoka County, specifically Rupert, Idaho.

12.10. Respondent Idaho Department of Water Resources, is a state agency with its main office located at 322 E. Front Street, Boise, Idaho. Respondent Gary Spackman is the interim director of the Idaho Department of Water Resources.

STATEMENT OF INITIAL ISSUES

13. The Petitioner intends to assert the following issues on judicial review:

a. Whether the Director erred by failing to provide for timely and lawful administration of junior priority ground water rights to satisfy A&B’s decreed senior ground water right.

b. Whether the Director unconstitutionally applied the Department’s Conjunctive Management Rules (IDAPA 37.03.11 *et seq.*) and erred in failing to recognize and honor A&B’s decreed senior ground water right for purposes of administration.

c. Whether the Director erred in finding that A&B could not beneficially use the quantity of its decreed water right.

d. Whether the Director erred in not finding material injury to A&B’s senior water right because A&B has 11 unused wells or points of diversion “that may be put into production at any time or the wells may be reconstructed at another location.”

- e. Whether the Director erred in finding that the “inherent hydrogeologic environment” for certain wells represents an unreasonable means of diversion.
- f. Whether the Director erred in applying CM Rule 20.03, parts of which have been determined to be invalid by the Idaho Supreme Court in *Clear Springs Foods, Inc., et al. v. Spackman, et al.*, 150 Idaho 790 (2011).
- g. Whether the Director erred in forcing A&B to curtail or regulate its 1994 enlargement water rights as a precondition to the administration of other junior water rights.
- h. Whether the Director erred in using pre-decree information as a basis to disregard A&B’s decreed quantity of 1,100 cfs (0.88 miner’s inch per acre).
- i. Whether the Director erred in concluding that A&B could divert additional water for irrigation purposes during the peak season.
- j. Whether the Director erred in failing to apply CM Rules 20.03 and 40.05 for purposes of evaluating whether junior ground water right holders were “wasting” water.
- k. Whether the Director erred in finding that A&B could not beneficially use 0.88 miner’s inch per acre even though the Director authorized surrounding water users with junior ground water rights to use 0.88 miner’s inch per acre of water, and more.
- l. Whether the Director erred in using a “crop maturity” standard for purposes of water right administration.
- m. Whether the Director erred by addressing issues that are beyond the scope of the Court’s remand order.
- n. Whether the Director’s decision is supported by substantial evidence in the record.
- o. Whether, if A&B’s senior water right is subject to the Ground Water Act, the Director erred in refusing to establish a “reasonable ground water pumping level” for purposes of administration pursuant to Idaho Code § 42-226.
- p. Whether the Director’s attempt to “grant” A&B’s petition for reconsideration of the *Remand Order* for the sole purpose of allowing IDWR more time to dispose of A&B’s petition violates Idaho Code § 67-5246(4) and Department Rule 730.02(a).

14. Pursuant to I.R.C.P. 84(d)(5), A&B reserves the right to assert additional issues and/or clarify or further specify the issues for judicial review stated herein which later become discovered.

AGENCY RECORD

15.11. Judicial review is sought of the Director's June 30, 2011 ~~April 27, 2011~~ *Amended Final Order on Remand Regarding the A&B Irrigation District Delivery Call.*

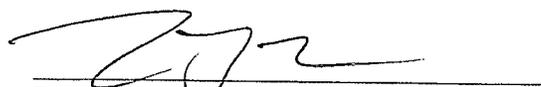

16.12. The agency held a hearing on the underlying administrative matter from December 3 – 18, 2008, which was recorded and a transcript created, which transcript should be made a part of the agency record in this matter. The transcript exists and is part of the record in *A&B Irrigation Dist. v. IDWR*, Minidoka County Dist Ct. Case No. 2009-000647. The parties to the administrative case previously paid for the creation of the transcript of the hearing.

17.13. A&B anticipates that it can reach a stipulation regarding the agency record with the Respondents and the other parties, and will pay its necessary share of the fee for preparation of the record at such time.

18.14. Service of this Notice of Appeal and Petition for Judicial Review of Agency Action has been made on the Respondents at the time of the filing of this Petition.

DATED this 25th day of August ~~June~~ 2011.
