Subject: Application 61-12090

Steve,

Thank you for providing additional time to respond concerning the Boise Highland application. I am the appropriate contact at SPF at this time.

Our client Elk Creek Canyon LLC is in the process of acquiring the property. We will provide IDWR with an assignment of the application as soon as the transaction is complete. For obvious reasons, we will be providing financial information concerning Elk Creek Canyon LLC after the property has been conveyed and the application assigned.
