Subject: Protest Resolution – Application for Permit No. 61-12090

Dear Mr. Westra,

In response to your letter dated June 6, 2008, on behalf of the applicant, I would like to notify IDWR that we intend to attempt a resolution of the protest through direct contact with the protestant, Mr. Van Grouw.

Although we are actively working to resolve this matter, the applicant has also asked that we set a date for a pre-hearing conference, should one be necessary. The protestant's attorney, Dana Hofstetter, has requested a meeting in July to discuss the issues raised by her client. A pre-hearing conference date should be set after July to allow time for informal settlement.

Sincerely,

Roxanne Brown
