John:

I looked in all the usual places in my offices and didn't find a copy of the Pre-hearing Conference Order/Notice for the Mayfield Townsite Permit Application. It's possible that I received it and misplaced it. In other words, I don't have an explanation as to what happened; if IDWR mailed a copy to me, it must have been either lost in the mail or somewhere in my office. I apologize for missing the meeting yesterday.

You asked for my available dates in August/September 2009 in the event a hearing is held. My available dates in August are as follows: August 20-31, 2009

My available dates in September are as follows: September 10-30, 2009.

Thank you,
Dana Hofstetter
