Re: Extension of Time to Submit Proof of Beneficial Use
Permit No. 63-31966

Dear Steve,

Please find enclosed a *Request for Extension of Time* form we wish to submit on behalf of SunCor Idaho, LLC. As noted on the request, aquifer storage and recovery is a major component of the proposed system and developing the system is taking more time than anticipated due to arsenic mobilization in the target aquifer. SunCor and United Water Idaho are cooperating to find methods to minimize arsenic in the proposed water supply.

The required fee is also enclosed. Please contact me if you have any questions.

Best Regards,

A handwritten signature in cursive script, appearing to read "Roxanne".
