RE: Water Permit 61-12090 for Nevid LLC

Dear Mr. Petrich:

I am writing you to formally request copies of the 2012, 2013, and 2014 annual reports associated with the reporting requirements of water permit 61-12090 for Nevid LLC. The Department has no record of receiving these reports to date. The last report on record is the pump test report at the time the wells were drilled. We understand that SPF has archived copies of the reports readily available to re-submit. In the event that the reports are not immediately accessible, more time may be needed. The following submittal schedule is provided with the intent of bringing water permit 61-12090 back into compliance.

2012 and 2013 Annual Reports must be submitted by Friday, January 22, 2016.

2014 Annual Report must be submitted by Friday, February 19, 2016.

2015 Annual Report must be submitted by Friday, April 29, 2016.

Subsequent Annual Reports must be submitted by the end of April each year.

At this time, the water right file reflects that 2012, 2013, and 2014 Annual Reports are overdue. Please make every effort to submit the finalized reports at your earliest convenience or by the respective deadline noted above. As a reminder, "Failure to comply with the monitoring plan once it is accepted shall be cause for the Department to cancel or revoke this right." Thank you for your cooperation.

Respectfully,

A handwritten signature in black ink that reads "Ashley Newbry".
