Ashley,

Thank you for your letter of December 7, 2015. Here are the monitoring reports that are required for Permit 61-12090.

1. 2012 Monitoring Report (prepared by Erik Boe in 2013; covers measurements between 10/3/2011 and 9/26/2013). Previously submitted to Dennis Owsley as the 2013 Monitoring Report; see attached email.
2. 2013 Monitoring Report (see attached; it appears that this report was previously prepared but not submitted).
3. 2014 Monitoring Report (prepared by Ashley Ritter, covers measurements between 10/3/2011 and 10/2/2015. Previously submitted as the 2015 Monitoring Report on December 11, 2015.
4. 2015 Monitoring Report and electronic file with 2011-2015 data will be submitted to IDWR no later than April 30, 2016.

Also included for your records is the Production Well No. 1 Completion Report that describes initial testing.

I will be at the State Office in the morning for and IWRB Aquifer Stabilization Committee meeting, and could swing by afterwards to answer any questions you might have regarding these monitoring reports. Please send me an email if you might be available in the late morning.

Thanks again for your help – I think we are now back on schedule!

Regards,  
Christian

Dennis,

As required by Permit 61-12090, the Elk Creek 2013 Annual Monitoring report along with electronic records of continuous DTW measurements at MW-1 and PW-1 are attached. Please let me know if you have any questions.

Thank you,

Erik
