Attention: Dan Nelson

In reference to the conversation at the Little Canyon Creek Water District #61-D annual meeting between you, Dick Anderson and Robert Hall about water measuring device on Little Canyon Creek. Dick Anderson and Robert Hall request that they be exempted from any water measuring device because they are the last two water users on Little Canyon Creek before the Snake River. I will resolve any water distribution dispute between me and Robert Hall personally and will not require the water master for our water distribution. Bob and I have been neighbors since 1974 and have never called out the water master for any water distribution dispute between us.

This agreement will remain in effect until cancelled by one of the parties with proper notification.

Sincerely,

Dick Anderson
