

2. I am the Director of the Idaho Department of Water Resources (“Department”), an executive agency of the State of Idaho. The statements in this affidavit are made in my capacity as Director of the Department.

3. As Director, I have authority and responsibility for the direction and control of the distribution of water within water districts in the state of Idaho pursuant to the provisions of Chapter 6, Title 42, Idaho Code.

4. I have been ordered by the Court to lift the stay *In the Matter of the Petition for Delivery Call of A&B Irrigation District for the Delivery of Ground Water and for the Creation of a Ground Water Management Area* (“Delivery Call”); respond to A&B’s *Motion to Proceed*, filed March 16, 2007; and, provide notice to all parties in the matter that A&B has filed its *Motion to Proceed* and that the stay governing the Delivery Call has been lifted.

5. Respondents to the Delivery Call have been identified and the Department has served notice (“Notice”) of the Delivery Call on those persons and/or entities. Attached hereto as Attachment A is a true and correct copy of the Notice. The Notice was sent to approximately 200 recipients.

6. As stated in the Notice, a hearing on the Delivery Call is set for March 18, 2008 and will be presided over by independent hearing officer Gerald F. Schroeder. Mr. Schroeder is currently serving as hearing officer in the delivery calls filed by Blue Lakes Trout Farm, Inc. (“Blue Lakes”) and Clear Springs Foods, Inc. (“Clear Springs”), and the Surface Water Coalition. The hearing in the Blue Lakes and Clear Springs delivery call is scheduled for November 28, 2007 through December 18, 2007. The hearing in the Surface Water Coalition delivery call is scheduled for January 16 through February 6, 2008.

7. During the week of October 15, 2007, letters were sent by the Department, under my signature, to more than 2,700 holders of junior priority ground water rights that divert from the Eastern Snake Plain Aquifer, warning of possible forced curtailment during the 2008 irrigation season. Attached hereto as Attachment B is a true and correct copy of the warning letter.

Further your Affiant sayeth naught.

DATED this 19th day of October, 2007.

DAVID R. TUTHILL, JR.
Director, Idaho Department of Water Resources

SUBSCRIBED AND SWORN TO BEFORE ME this 19th day of October, 2007.

Phillip J. Rassier

Phillip J. Rassier
Deputy Attorney General
Idaho Department of Water Resources

**BEFORE THE DEPARTMENT OF WATER RESOURCES
OF THE STATE OF IDAHO**

IN THE MATTER OF THE PETITION FOR)	NOTICE OF <i>MOTION TO</i>
DELIVERY CALL OF A&B IRRIGATION)	<i>PROCEED</i> FILED BY A&B
DISTRICT FOR THE DELIVERY OF GROUND)	IRRIGATION DISTRICT; AND
WATER AND FOR THE CREATION OF A)	ORDER LIFTING STAY,
GROUND WATER MANAGEMENT AREA)	SETTING HEARING
)	SCHEDULE, AND APPOINTING
)	HEARING OFFICER

PLEASE TAKE NOTICE that A&B Irrigation District (“A&B”) filed with the Director of the Idaho Department of Water Resources (“Director” or “IDWR”) on March 16, 2007, a *Motion to Proceed* in the above-captioned matter. A copy of the *Motion to Proceed* and related documents can be viewed on IDWR’s website at: http://www.idwr.idaho.gov/Calls/A&B_Irrigation_Call/A&B_Call_Main_Index.htm.

The *Motion to Proceed* renews A&B’s *Petition for Delivery Call* (“Petition”) initially filed with the Department on July 26, 1994. The Director issued a *Pre-Hearing Conference Order* on May 1, 1995 (“Stay Order”) that stayed the 1994 delivery call. A copy of the Stay Order can be viewed at the website address shown above. The Stay Order provided that, “Any party may file a Motion to Proceed at any time to request the stay be lifted.” *Stay Order* at 8. You have been served with this notice of A&B’s *Motion to Proceed* because you or your predecessor in interest were among the approximately 200 respondents who filed a response to A&B’s 1994 delivery call. The Stay Order provided that this matter shall proceed under IDWR’s Rules for Conjunctive Management of Surface and Ground Water Resources (IDAPA 37.03.11).

Stay Lifted

In accordance with the provision in the Stay Order, “that action on the Petition is hereby stayed until further notice to the parties,” the providing of this notice results in the lifting of the stay on A&B’s *Petition for Delivery Call*. The delivery call shall proceed under IDWR’s Rules for Conjunctive Management of Surface and Ground Water Resources.

Hearing Schedule

Given the complexity of the factual determinations that must be made in determining material injury and the extent of the hydraulic connection between the ground water supplies beneath the A&B Irrigation District and other areas of the Eastern Snake Plain Aquifer, and the need to afford all participants an opportunity to gather the pertinent information and data

necessary for the development of this case, the Director has determined that the earliest feasible date for a hearing in this matter is March 18, 2008. Therefore, this order includes a pre-hearing schedule consistent with a hearing commencing on March 18, 2008. The pre-hearing schedule, subject to any subsequent modification, shall govern unless the parties agree upon an acceptable alternate date for commencement of the hearing. The pre-hearing schedule is as follows:

December 28, 2007	Deadline for submitting expert reports; deadline for pre-filed direct testimony (required for retained consultants / optional for others), and all exhibits to be used at hearing with experts;
January 30, 2008	Deadline for rebuttal reports; deadline for pre-filed rebuttal testimony and all exhibits to be used in rebuttal;
February 6, 2008	Deadline to disclose all lay witnesses / identify all exhibits to be used at hearing with lay witnesses (as well as any pre-filed direct testimony for lay witnesses, if desired);
February 20, 2008	Deposition deadline / discovery completed deadline;
March 5, 2008	Written opening brief / trial brief (if desired);
March 6, 2008	Prehearing conference and hearing on prehearing motions; and
March 18 to April 4, 2008	Hearing.

Appointing Hearing Officer

Gerald F. Schroeder is appointed to serve as hearing officer effective October 19, 2007, and is authorized to hear this matter on behalf of the Idaho Department of Water Resources and to conduct a hearing and issue a recommended order pursuant to IDAPA Rule 37.01.01.410 and - 413 and the provisions of chapter 52, title 67, Idaho Code. The Director maintains jurisdiction for the ongoing administration of water rights.

ORDER

Based upon the foregoing and good cause appearing therefor,

IT IS HEREBY ORDERED that

1. The stay of A&B Irrigation District's 1994 delivery call ordered in the *Pre-Hearing Conference Order* of May 1, 1995 is lifted.

2. The hearing date and the pre-hearing schedule for this matter shall be as set forth above.

3. Gerald F. Schroeder is appointed hearing officer effective October 19, 2007, to hear this matter on behalf of the Idaho Department of Water Resources and to conduct a hearing and issue a recommended order pursuant to IDAPA Rule 37.01.01.410 and -413 and the provisions of chapter 52, title 67, Idaho Code. The Director maintains jurisdiction for the ongoing administration of water rights.

4. Any petition for intervention by additional persons or entities to become a party to this proceeding shall be considered only if they accept the designated hearing officer and the existing hearing and pre-hearing schedule.

Dated this 19th day of October 2007.

DAVID R. TUTHILL, JR.
Director

CERTIFICATE OF SERVICE

I HEREBY CERTIFY that on this 19th day of October 2007, the above and foregoing, was served by placing a true and correct copy via U.S. Mail Prepaid, and addressed to the following:

Director

TO: Water Right Holder in the Eastern Snake Plain Aquifer

Re: Notice of Potential Curtailment of Ground Water Rights in the Eastern Snake Plain Aquifer

Dear Water Right Holder:

This letter is provided to inform you that you are the water right holder of record for one or more water rights that could **potentially** be subject to curtailment during 2008. The enclosed map depicts areas of potential curtailment based on three water right calls, described below. The delivery calls were made under the Department's Rules for Conjunctive Management of Surface and Ground Water Resources (IDAPA 37.03.11). The calls include ground water rights for irrigation, commercial, industrial, municipal, non-exempt domestic use, and other consumptive uses. Non-consumptive uses and culinary in-house uses of water will not be subject to curtailment under the orders.

Hearings

Information in this letter might be modified as a result of hearings on the existing orders, scheduled to begin on November 28, 2007, for the Blue Lakes call and the Clear Springs call, and on January 16, 2008, for the Surface Water Coalition call. Information related to the hearings is posted on the IDWR website at www.idwr.idaho.gov.

Blue Lakes Call

The Blue Lakes water rights authorize the diversion of water from Alpheus Creek located in the Devil's Washbowl to Buhl Gage spring reach north of Twin Falls. An order issued on May 19, 2005 determined that diversion and use of ground water under water rights with junior priority dates causes material injury to Blue Lakes' water right no. 36-07427. A copy of the order can be found on IDWR's website at: <http://www.idwr.idaho.gov/Calls/Spring%20Users%20Calls/Blue%20Lakes%20Order%2005-19-05.pdf>.

The 2005 Blue Lakes order provides that replacement water in the amount of 40 cubic feet per second (cfs) shall be delivered during year four (2008) to the Devil's Washbowl to Buhl reach. Without additional mitigation or replacement water being provided, year four of phased curtailment shall require the curtailment of ground water rights having a priority date later than (junior to) March 3, 1982. This date could be adjusted based on the submittal of an acceptable mitigation plan, and it assumes continuation of existing conversion acres and CREP acres.

Clear Springs Call

The Clear Springs water rights for use at its Snake River Farm authorize the diversion of water from springs tributary to Clear Lakes located in the Buhl Gage to Thousand Springs reach east of Buhl. An order issued on July 8, 2005 determined that diversion and use of ground water under water rights with junior priority dates causes material injury to Clear Springs' water right no. 36-04013B. A copy of the order can be found on IDWR's website at: <http://www.idwr.idaho.gov/Calls/Spring%20Users%20Calls/Clear%20Springs%20Order%2007-08-05.pdf>.

The 2005 Clear Springs order provides that replacement water in the amount of 31 cfs shall be delivered during year four (2008) to the Buhl Gage to Thousand Springs reach. Without additional mitigation or replacement water being provided, year four of phased curtailment shall require the curtailment of ground water rights having a priority date later than (junior to) December 10, 1973. This date could be adjusted based on the submittal of an acceptable mitigation plan, and it assumes continuation of existing conversion acres and CREP acres.

Surface Water Coalition Call

The Surface Water Coalition call applies to ground water rights that impact the Snake River in the American Falls area where the aquifer and river are hydraulically connected. This priority administration of water rights is occurring as required by the order of May 2, 2005, issued in response to the water delivery call made by members of the Surface Water Coalition, comprised of A&B Irrigation District, American Falls Reservoir District #2, Burley Irrigation District, Milner Irrigation District, Minidoka Irrigation District, North Side Canal Company, and Twin Falls Canal Company. A copy of the order can be found on the IDWR website at:

<http://www.idwr.idaho.gov/Calls/Surface%20Coalition%20Call/default.htm>.

Under the 2005 order, I am required to make a determination of the extent of material injury reasonably likely to occur to members of the Surface Water Coalition during the 2008 irrigation season as a result of depletions caused by the diversion of water under junior priority ground water rights. This determination will be made with forecasts of the expected runoff based on the snow survey conducted on April 1, 2008. Depending on the expected snow pack, the determination could result in the curtailment of consumptive ground water rights during the 2008 irrigation season. IDWR computations predict that if the expected runoff is 105% of normal, no curtailment will be required. If the predicted runoff is the same as in 2007, curtailment could impact priority dates as early as September 19, 1960. If the predicted runoff is the same as in 1977, the lowest runoff year on record, curtailment could impact priority dates as early as September 4, 1950. The submittal of acceptable mitigation plans could protect specified water rights from curtailment.

CREP

Issuance of a curtailment order will affect the eligibility of land to be enrolled in the Conservation Reserve Enhancement Program (CREP). The United States Department of Agriculture (USDA) Farm Service Agency's rules for CREP require that "the cropland must be physically and legally capable of being irrigated in a normal manner when offered for enrollment." Upon the issuance of a curtailment order, cropland irrigated with curtailed water rights is no longer "legally capable of being irrigated" and is therefore no longer eligible for CREP. Producers should also be aware that CREP is limited to an enrollment of 100,000 acres. For further CREP eligibility requirements, producers should seek advice from their local USDA Farm Service Agency office.

Sincerely,

David R. Tuthill, Jr.
Director
