

IN THE DISTRICT COURT OF THE FIFTH JUDICIAL DISTRICT
OF THE STATE OF IDAHO IN AND FOR THE COUNTY OF TWIN FALLS

In re SRBA
Case No. 39576

NOTICE OF CLAIM FOR
Federal Reserved Water Right 81-11917

- 1. Name and address of owner:** UNITED STATES OF AMERICA, as trustee for the benefit of the NEZ PERCE TRIBE, acting through the AREA DIRECTOR, PORTLAND AREA OFFICE
Bureau of Indian Affairs
911 N.E. 11th Ave.
Portland, OR 97232
- 2. Source of water** Surface water sources within the Clear Creek subbasin of Basin 81
- 3. Annual diversion volume** 846 acre-feet per year (AFY)
- 4. Diversion rate** Diversion rates will depend on the purpose for which this water is used in accordance with the Tribal Water Code
- 5. Priority date** June 11, 1855
- 6. Points of diversion** Points of diversion may be developed from surface water sources on Clear Creek and on tributary streams adjacent to tribal trust, tribal fee, or allotted land within the Clear Creek subbasin of Basin 81.
- 7. Purpose of use** Irrigation, domestic, commercial, municipal, industrial, hatchery, cultural, and other uses in accordance with the Tribal Water Code.
- 8. Period of use** January 1 to December 31, or as appropriate for the specific use in accordance with the Tribal Water Code.
- 9. Place of use** Tribal trust, tribal fee, or allotted land held in trust or under restrictions against alienation within the Clear Creek subbasin of Basin 81.
- 10. Basis of right** The legal basis for this water right is the doctrine of reserved water rights articulated in *Winters v. United States*, 207 U.S. 564 (1908), and its progeny.
- 11. Other provisions**
 - a. The Clear Creek subbasin of Basin 81 includes all lands draining into Clear Creek, which is a tributary to the

**necessary for
definition or
administration of
this water right**

Clearwater River. The area included within the Clear Creek subbasin is depicted on a map entitled "Clear Creek subbasin within IDWR Basin 81," on file with the Director of the Idaho Department of Water Resources.

b. Notwithstanding the Priority Date of this water right, the Tribe and the United States shall exercise this water right in a manner that ensures persons lawfully diverting water prior to April 20, 2004, will continue to receive their full legal entitlement under state law.

c. This water right will be administered by the Nez Perce Tribe in accordance with the Tribal Water Code. Specific locations for Points of Diversion or Place of Use shall be determined pursuant to the Tribal Water Code.

d. Notwithstanding the Priority Date of this water right, changes in Points of Diversion or Place of Use to locations outside of this subbasin shall not injure the legal entitlement to water of those persons lawfully diverting water prior to the time of the change to the Points of Diversion or Place of Use. Any proposed changes in Points of Diversion or Places of Use to locations outside of this subbasin will be jointly reviewed by an intergovernmental board consisting of one representative of the Nez Perce Tribe, one representative of the Idaho Department of Water Resources, and one representative jointly appointed by the Tribe and the State of Idaho. The intergovernmental board will determine whether injury to other water users will result from the proposed change, and may examine other related issues regarding the interpretation of the 2004 settlement agreement on which this water right is based. The intergovernmental board will provide appropriate public notice and meet in open session to consider all relevant data, including, where appropriate, testimony from any person claiming that the proposed change will injure such person's water rights. In the event the intergovernmental board determines that the proposed change would injure the legal entitlements to water of those persons lawfully diverting water prior to the time of the proposed change or makes other related determinations, it shall make appropriate recommendations to the Tribe of the actions necessary to avoid such injury. This intergovernmental board's authority and review process is advisory only and shall not inhibit any party from seeking judicial enforcement of this decree.

| 6. Points of diversion | Points of diversion may be developed from surface water sources on Big Canyon Creek and on tributary streams adjacent to tribal trust, tribal fee, or allotted land within the Big Canyon Creek subbasin of Basin 85. |
| 7. Purpose of use | Irrigation, domestic, commercial, municipal, industrial, hatchery, cultural, and other uses in accordance with the Tribal Water Code. |
| 8. Period of use | January 1 to December 31, or as appropriate for the specific use in accordance with the Tribal Water Code. |
| 9. Place of use | Tribal trust, tribal fee, or allotted land held in trust or under restrictions against alienation within the Big Canyon Creek subbasin of Basin 85. |
| 10. Basis of right | The legal basis for this water right is the doctrine of reserved water rights articulated in <i>Winters v. United States</i> , 207 U.S. 564 (1908), and its progeny. |
| 11. Other provisions | a. The Big Canyon Creek subbasin of Basin 85 includes all lands draining into Big Canyon Creek, which is a tributary |

**necessary for
definition or
administration of
this water right**

to the Clearwater River. The area included within the Big Canyon Creek subbasin is depicted on a map entitled “Big Canyon Creek subbasin within IDWR Basin 85,” on file with the Director of the Idaho Department of Water Resources.

b. Notwithstanding the Priority Date of this water right, the Tribe and the United States shall exercise this water right in a manner that ensures persons lawfully diverting water prior to April 20, 2004, will continue to receive their full legal entitlement under state law.

c. This water right will be administered by the Nez Perce Tribe in accordance with the Tribal Water Code. Specific locations for Points of Diversion or Place of Use shall be determined pursuant to the Tribal Water Code.

d. Notwithstanding the Priority Date of this water right, changes in Points of Diversion or Place of Use to locations outside of this subbasin shall not injure the legal entitlement to water of those persons lawfully diverting water prior to the time of the change to the Points of Diversion or Place of Use. Any proposed changes in Points of Diversion or Places of Use to locations outside of this subbasin will be jointly reviewed by an intergovernmental board consisting of one representative of the Nez Perce Tribe, one representative of the Idaho Department of Water Resources, and one representative jointly appointed by the Tribe and the State of Idaho. The intergovernmental board will determine whether injury to other water users will result from the proposed change, and may examine other related issues regarding the interpretation of the 2004 settlement agreement on which this water right is based. The intergovernmental board will provide appropriate public notice and meet in open session to consider all relevant data, including, where appropriate, testimony from any person claiming that the proposed change will injure such person’s water rights. In the event the intergovernmental board determines that the proposed change would injure the legal entitlements to water of those persons lawfully diverting water prior to the time of the proposed change or makes other related determinations, it shall make appropriate recommendations to the Tribe of the actions necessary to avoid such injury. This intergovernmental board’s authority and review process is advisory only and shall not inhibit any party from seeking judicial enforcement of this decree.

Clearwater River. The area included within the Lapwai Creek subbasin is depicted on a map entitled “Lapwai Creek subbasin within IDWR Basin 85,” on file with the Director of the Idaho Department of Water Resources.

b. Notwithstanding the Priority Date of this water right, the Tribe and the United States shall exercise this water right in a manner that ensures persons lawfully diverting water prior to April 20, 2004, will continue to receive their full legal entitlement under state law.

c. This water right will be administered by the Nez Perce Tribe in accordance with the Tribal Water Code. Specific locations for Points of Diversion or Place of Use shall be determined pursuant to the Tribal Water Code.

d. Notwithstanding the Priority Date of this water right, changes in Points of Diversion or Place of Use to locations outside of this subbasin shall not injure the legal entitlement to water of those persons lawfully diverting water prior to the time of the change to the Points of Diversion or Place of Use. Any proposed changes in Points of Diversion or Places of Use to locations outside of this subbasin will be jointly reviewed by an intergovernmental board consisting of one representative of the Nez Perce Tribe, one representative of the Idaho Department of Water Resources, and one representative jointly appointed by the Tribe and the State of Idaho. The intergovernmental board will determine whether injury to other water users will result from the proposed change, and may examine other related issues regarding the interpretation of the 2004 settlement agreement on which this water right is based. The intergovernmental board will provide appropriate public notice and meet in open session to consider all relevant data, including, where appropriate, testimony from any person claiming that the proposed change will injure such person’s water rights. In the event the intergovernmental board determines that the proposed change would injure the legal entitlements to water of those persons lawfully diverting water prior to the time of the proposed change or makes other related determinations, it shall make appropriate recommendations to the Tribe of the actions necessary to avoid such injury. This intergovernmental board’s authority and review process is advisory only and shall not inhibit any party from seeking judicial enforcement of this decree.

Any proposed changes in Points of Diversion or Places of Use to locations outside of this subbasin will be jointly reviewed by an intergovernmental board consisting of one representative of the Nez Perce Tribe, one representative of the Idaho Department of Water Resources, and one representative jointly appointed by the Tribe and the State of Idaho. The intergovernmental board will determine whether injury to other water users will result from the proposed change, and may examine other related issues regarding the interpretation of the 2004 settlement agreement on which this water right is based. The intergovernmental board will provide appropriate public notice and meet in open session to consider all relevant data, including, where appropriate, testimony from any person claiming that the proposed change will injure such person’s water rights. In the event the intergovernmental board determines that the proposed change would injure the legal entitlements to water of those persons lawfully diverting water prior to the time of the proposed change or makes other related determinations, it shall make appropriate recommendations to the Tribe of the actions necessary to avoid such injury. This intergovernmental board’s authority and review process is advisory only and shall not inhibit any party from seeking judicial enforcement of this decree.

Case No. 39576

NOTICE OF CLAIM FOR
Federal Reserved Water Right 85-15563

- 1. Name and address of owner:** UNITED STATES OF AMERICA, as trustee for the benefit of the NEZ PERCE TRIBE, acting through the AREA DIRECTOR, PORTLAND AREA OFFICE
Bureau of Indian Affairs
911 N.E. 11th Ave.
Portland, OR 97232
- 2. Source of water** Surface water sources within the Unnamed Creek (Lawyer) subbasin of Basin 85
- 3. Annual diversion volume** 10 acre-feet per year (AFY)
- 4. Diversion rate** Diversion rates will depend on the purpose for which this water is used in accordance with the Tribal Water Code
- 5. Priority date** June 11, 1855
- 6. Points of diversion** Points of diversion may be developed from surface water sources on Unnamed Creek (Lawyer) and on tributary streams adjacent to tribal trust, tribal fee, or allotted land within the Unnamed Creek (Lawyer) subbasin of Basin 85.
- 7. Purpose of use** Irrigation, domestic, commercial, municipal, industrial, hatchery, cultural, and other uses in accordance with the Tribal Water Code.
- 8. Period of use** January 1 to December 31, or as appropriate for the specific use in accordance with the Tribal Water Code.
- 9. Place of use** Tribal trust, tribal fee, or allotted land held in trust or under restrictions against alienation within the Unnamed Creek (Lawyer) subbasin of Basin 85.
- 10. Basis of right** The legal basis for this water right is the doctrine of reserved water rights articulated in *Winters v. United States*, 207 U.S. 564 (1908), and its progeny.
- 11. Other provisions**
 - a. The Unnamed Creek (Lawyer) subbasin of Basin 85 includes all lands draining into Unnamed Creek (Lawyer),

**necessary for
definition or
administration of
this water right**

which is a tributary to Lawyer Creek. The area included within the Unnamed Creek (Lawyer) subbasin is depicted on a map entitled “Unnamed Creek (Lawyer) subbasin within IDWR Basin 85,” on file with the Director of the Idaho Department of Water Resources.

b. Notwithstanding the Priority Date of this water right, the Tribe and the United States shall exercise this water right in a manner that ensures persons lawfully diverting water prior to April 20, 2004, will continue to receive their full legal entitlement under state law.

c. This water right will be administered by the Nez Perce Tribe in accordance with the Tribal Water Code. Specific locations for Points of Diversion or Place of Use shall be determined pursuant to the Tribal Water Code.

d. Notwithstanding the Priority Date of this water right, changes in Points of Diversion or Place of Use to locations outside of this subbasin shall not injure the legal entitlement to water of those persons lawfully diverting water prior to the time of the change to the Points of Diversion or Place of Use. Any proposed changes in Points of Diversion or Places of Use to locations outside of this subbasin will be jointly reviewed by an intergovernmental board consisting of one representative of the Nez Perce Tribe, one representative of the Idaho Department of Water Resources, and one representative jointly appointed by the Tribe and the State of Idaho. The intergovernmental board will determine whether injury to other water users will result from the proposed change, and may examine other related issues regarding the interpretation of the 2004 settlement agreement on which this water right is based. The intergovernmental board will provide appropriate public notice and meet in open session to consider all relevant data, including, where appropriate, testimony from any person claiming that the proposed change will injure such person’s water rights. In the event the intergovernmental board determines that the proposed change would injure the legal entitlements to water of those persons lawfully diverting water prior to the time of the proposed change or makes other related determinations, it shall make appropriate recommendations to the Tribe of the actions necessary to avoid such injury. This intergovernmental board’s authority and review process is advisory only and shall not inhibit any party from seeking judicial enforcement of this decree.
